

## ACM 17/350 XLR LED

### Condenser microphone with LED lighting

---

The ACM 17/350 XLR LED with integrated LED lighting is a premium quality gooseneck condenser microphone with a cardioid directivity pattern. It offers a clear and detailed reproduction of speech and high feedback prevention. High volumes are transmitted without distortions and background noise is strongly reduced. Due its miniature capsule it appears elegant and unobtrusive. The microphone is delivered as a 5-pole version with external power adapter for the switchable LED lighting (approx. 5000 K). Optional accessories: 5-pole built-in socket
